# **What Is Your Dog Saying?**

**An interactive workshop to be held on  
25<sup>th</sup> March 2012**

**Have you ever considered how much easier life would be if you could speak "Dog" or if your dog could speak "Human"!**

Well, we can't promise to teach you how to "speak dog", but we can help you to understand what they are trying to tell you or what they are trying to make you understand!

Using a variety of enjoyable activities to show how our dogs communicate and how misunderstandings happen; we will look at our own communication skills and how they differ from our dogs'. Our speakers will demonstrate how we can develop a common language with our four legged friends to help us live together in harmony!

**This fascinating workshop will be presented by the internationally acclaimed Animal Behaviourist, Dr Anne McBride, University of Southampton, who will be assisted by Elizabeth Kershaw.**

The day will run from 09:30 to 16:30 and will be held at New Haw Community Centre, Woodham Lane, Addlestone, Surrey KT15 3ND. The cost for the day will include lunch and refreshments.
